

CAPEX or SaaS

BEST LINK BUDGET TOOL

Simplifying & automating the network design for better sales & customer understanding with graphical reports.

www.integrasys-space.com

CAPEX or SaaS

Competitive Advantage

Most accurate link budget with reliable network design.

Easy to use for sales representatives.

Automatic & graphical report.

One-time fee for unlimited users.

Link budget in less than 1 second.

Features

- Easy-to-use web interface with simple, full-duplex and ACM link budget calculations.
- Calculation with graphical beam, and coverage representation, footprints use for calculation, and visualization.
- Use of ITU recommendations for phenomenon modelling.
- Beam Budget enables to upload different types of satellites.
- Quick support thanks to shareable scenarios.
- Simple location on the map for network stations.
- Optimize power consumption, antenna size, ModCod, and margin over a drawable area.
- Customize executive summary & detailed reports in Excel and PDF with all results displayed.

Benefits

- Scalability of users, networks, and satellites.
- 5000 results for only 35 inputs.
- Save your favorite set-ups for rapid retrieval.
- (C) Web-based tool, accessible anywhere and anytime.
- C) Cloud-based system.
- Minimizes time and effort, maximizes ROI & increases revenue.
- GXT satellite file supported.
- Latest tech supported (LEO, MEO & Flat Panel Antennas).
- Accurate and detailed graphical report.
