

CAPEX or SaaS

MULTI-ORBIT, MULTI-VENDOR NETWORK MANAGEMENT SYSTEM

Manage, monitor, qualify & report any provider network in a single screen.

www.integrasys-space.com

CAPEX or SaaS

Competitive Advantage

Manage LEO and MEO.

Management System

Consistent management of multi-vendors with a single interface.

Ensure optimization of service, orchestration, SLA, QoS and time to resolution.

Minimize OPEX by automation and Al.

Features

- Manage large groups of Starlink Dish as a traditional NMS.
- Monitor real-time service, consumption, latency, availability uplink and downlink traffic.
- Measure and store metrics such as service level agreement, time to resolution, cost, revenue, and profit.
- Automatically raises alarms when a problem is detected in any VSAT.
- Operator-determined Rx/Tx, or data, thresholds, and alarms or notifies accordingly.
- Provides recovery, service enablement, pause or disable perdish.
- Powerful terminal recovery tools for network operators.
- A completely automated system, with multi-vendor, multi-orbit, and integrable by APIs.
- Automated mode measures all required parameters to ensure the quality of service and SLA with perpetual storage.
- Customizable automated SLA analysis and report generation in Excel and PDF with plots and execution summary for users, customers and management.

Benefits

- Significant OPEX reduction & rapid ROI.
- Simplifies entire maintenance process and reduces the need to manage mentor multi-vendor propietary platform or individual dish.
- (C) Improve availability and resilency automatically.
- Cloud enabled with levels of classified information or on-premises.
- enables network operators to have full control as VNO in multi-orbit network.
- Automates management, minimizing time and effort.
- Restful API-driven open to have M2M integration.
- (C) Maximizes network performance.
- Flexible hierarchy of network to scale and manage.
- User access limited visibility for customers or special users.
- O Detailed SLA reports customizable in PDF and Excel.

Company Awards

Wision Awards	OST INNOVATIVE PRODUCT OF THE YEAR	2014
VSAT INDUSTRY ម AWARDS ខ្ល	TECHNOLOGY INNOVATION OF THE YEAR	
VSAT GLOBAL 2017	SEST GROUND TECHNOLOGY OF THE YEAR	2017
	TELEPORT TECHNOLOGY OF THE YEAR	2018
INSUA Mobile Satellite Users Association	GOVERNMENT MOBILE INNOVATION	2022
	TELEPORT TECHNOLOGY OF THE YEAR	2023
